To: Cestero Jennifer

- front door buzz in system

- side door secured with a safety approved door that is locked at all times

As far as officers on campus we were waiting for the state money that would be allotted to the school to offset these costs and a decision as to what company/offices we would be using (Sheriff/State/Venice/Other) This decision would be based on cost and bids. The service would be split under all accounts=YMCA/ Gymnastics etc. accounts and not just SKY Academy unless the service would be to monitor the school.

Everyone agreed it would not be acceptable to have retired military/security personal or lay people on school grounds as safety and security.
